## **LifeCenter Northwest Welcomes New Director of Clinical and Family Services**

*Bellevue, WA* – LifeCenter Northwest is proud to welcome Susan Cameron to our leadership team as the new Director of Clinical and Family Services.

“We are delighted to welcome Susan to our leadership team in this mission-critical role,” says Kevin O’Connor, President and CEO of LifeCenter Northwest. “Her knowledge, experience and passion will make our already strong team even stronger and better equipped to save and improve more lives than ever before.”

Susan joins LifeCenter Northwest with nine years of organ procurement experience following her most recent position at the Arkansas Regional Organ Recovery Agency (ARORA), where she served as Manager of Family Services. At ARORA, Susan worked closely with her team to improve the donation experience for families and she also helped craft the State of Arkansas guidelines on neonatal donation.

Susan also served as the chair, vice-chair, and secretary of the Association of Procurement Organizations (AOPO) Donor Family Services Council and has presented at numerous national conferences on simulation lab training, teambuilding, and authorization best practices.

### About LifeCenter Northwest

LifeCenter Northwest based in Bellevue, Washington, serves close to 8.5 million people throughout Alaska, Montana, North Idaho, and Washington. LifeCenter Northwest works collaboratively with roughly 200 hospitals and serves the largest geographic area of all the 58 federally designated organ procurement organizations. For more information, or to register to be an organ, eye, and tissue donor, visit [www.lcnw.org](http://www.lcnw.org).
